I'm finding myself at a loss for words

And the funny thing is it's OK

The last thing I need is to be heard

But to hear what You would say

Word of God speak Would You pour down like rain

Washing my eyes to see Your majesty

Please let me stay and rest In Your holiness

Word of God speak

I'm finding myself in the midst of You

Beyond the music, beyond the noise

All that I need is to be with You

E

And in the quiet hear Your voice
